

Dear RK Group Members,

RK Group started as RK Fabrics, a fabric trading business, way back in the 80s with a handful of employees. In the last decade the group has grown exponentially, with the number of companies increasing, and the associated headcount going up to a 1000. In the spirit of celebrating this success the annual “**RK Group Badminton Premier League**” was instituted this year. Intra company matches were held Jan through Feb, concluding with the inter-group tournament on March 1st.

Any sport encourages healthy competition, teamwork and collaboration, challenging employees to succeed by rewarding higher performance. Workplace sport is also a powerful motivator for employees to be their best. Plus, the added advantage of getting up from that dreaded ‘**Chair**’ which is considered the biggest health hazard in today’s times. It is also an opportunity to put faces to names, colleagues you have only met over a phone call or an email.

You may ask in a cricket crazy country like ours “**Why Badminton**”? We wanted a sport which would be quick, easily accessible, include large numbers and **Badminton** made the cut being gender and age agnostic. As the year unfolds, we plan to bring more such sporting events to keep the element of fun and excitement alive in our busy schedules.

March 8th also marks a very important date “**International Women’s Day**”. We all imagine a gender equal world, free of bias, stereotypes, and discrimination for our Mothers, Wives, Daughters, Friends and Colleagues. As a group we strive to be diverse, equitable, and inclusive. All our group companies celebrated International Women’s Day in their own style, some by pampering the ladies and some taking up important causes like health & sustainability. **Sonal Shah, Director, RK Group** addressed the women and motivated them to achieve their goals, never hesitating to explore opportunities.

On that note hope you enjoy yet another issue of RK Times.
